District Courts I feel it could have been different ways to punish me when I was set up by entrapment by the police Pine Lawn Police Department

You know when you have a charge like that and an elderly lady ^{was involved} people tend to treat you bad because what they heard and seen you did when you were powerless and couldn't see what you were doing

People have a tendency to treat you awful even if it was not even intentional they think you are nothing and they want ^{PAY} you to the state think you are a horrible person and they want you to be a slave to the state

like I tell you that elderly lady Helen Kline deserves to know the truth and not cowered and point the finger at me and I was not represented right. But I tell you the ST. LOUIS COUNTY should be sued for what they did to me that provoked me to anger set an entrapment

Case Number: 09SL-CR09511-02

Clerk of Court
United States District Court
Eastern District of Missouri
111 South District Suite 3300
St. Louis Missouri 63102

To Whom It May Concern:

My name is ^{Ms} Adriane Jackson. Thank you Mr. Gregory Linhares for the paperwork I requested. I was told that when people come there they are walked through the necessary steps and you all have a big library. Unfortunately, I have been incarcerated and could not visit there. Anyways, I'm not asking for legal advice.

Anyways, I do have dates and times It's no way its under case net Why would it be anything different ^{when they are not following the law & themselves} My rights have been violated. So I'm going to right the courts again. They don't take me serious. I'm only human born to make mistakes But to beat on and pick on me and explode my legal/criminal matters through out the courts is wrong.

If the St. Louis County Court Eastern District 21st not following the law they need to be investigated and pay for every day of my life they took away.

So I want to pursue a legal or civil suit I need to be heard and taking serious and if Division 10, Judge Michael T. Jamison and the rest of the parties discipline action should take place as well.

Now it's plain to see I have done a lot of time I don't know where to start. I know what's going on when they are keeping me locked up and continuously badgering me after all the times I did everything they ask The court you know its a big investment Everybody knows that.

Now please consider that to write a grievance

3

is a procedure I have to follow. If I write one I'm assuming I should write to administration of the courts. Allowing them of what's going on does that sound right that happens to be the District Courts. There's a couple other things I would like to address I do have evidence. Things I know that happened in the past up until now has caused a lot of emotional distressed and they have done nothing but kept me in the system and moved me around.

Why can't you all be aware of this situation that I have been deprived from life, happiness, and most of all freedom.

I have wrote to the District Courts in the past I hope they review everything if you like to see my medical records that's fine. I want my case to be heard and thoroughly investigate not what you think based on facts my rights, fairness, equity, and most of all compassionate if that's the right word.

Thank you for your time lets start over. Maybe you can better understand me after all these years. Well think I said what I had to say. No ones going to help me. I have to help myself.
